**JUDGES  
BEST OF SHOW**

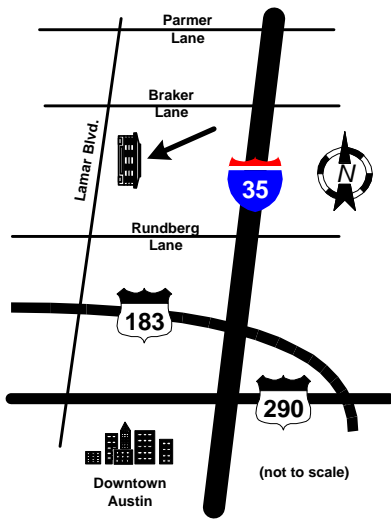

## CONTEST RULES:

1. Entries must be the sole work of the entrant.
2. All entries will be judged by committee.
3. Entries may be of any composition.
4. Entries by proxy are welcome. Please provide the builder's name at registration.
5. Models in the box stock categories must be accompanied by the kit instructions. Without the instructions, the model will be entered into an appropriate category.
6. Scratch-built models must not have been significantly derived from an existing kit.
7. Pre-painted models (PPM) are eligible in the Young Modelers categories (102, 103) **ONLY**. The contestant **MUST** designate the entry as PPM on the contest sheet. Does not include aftermarket items, i.e. photoetch.
8. Any model may be entered unless it is a previous Austin Scale Model Show or IPMS/USA National winner. (see rule #13)
9. Non-diorama entries may include a base and a crewmember. Neither will be judged!
10. Final category placement is at the discretion of the judges. Judges decision is final!
11. ASMS reserves the right to split contest categories at their discretion.
12. Collections are defined as: any group of five or more closely related entries. The same person must build the entire collection. The closeness of the relation-ship within the collection is a factor in judging.
13. Three models from different major categories, all built by the same modeler. Previous winners in solo categories are eligible in this category only (see rule #8).
14. Road Less Traveled Award: for most unusual or hardest to build aircraft subject, as selected by sponsor Phil Brandt.

Contestants are encouraged to place their models on bases. The judges will make every effort not to touch the models, however, category splits and category crowding often make this impossible. *No model will be assumed to be attached to the base!*

This is a family oriented event. ASMS requests that participants do not display entries that depict extreme violence, sexual acts, nudity or other offensive subjects. While we feel that all models are works of art, we must remain sensitive to accepted societal standards and norms. Please keep this in mind.
